# 购物车模块-接口说明

## 一、购物车模块概述:

购物车模块主要提供用户本产品的基础。购物车模块提供一下功能:

添加购物车

查询购物车

删除购物车

购物车商品数量添加/减少

购物车商品单选/取消单选

购物车商品全选/取消全选

合并购物车

## 二、事件定义

## 添加购物车

用户未登陆状态下进入商品详情页,选择规格和数量,将商品加入到购物车,数据将保存到前端的浏览器的本地存储里。

用户登陆状态下进入商品详情页,选择规格和数量,将商品加入到购物车,前端会通过ajax进行与后端交互。

## 查询购物车

用户未登录状态下进入购物车页面,前端通过浏览器的本地存储保存的数据展示给用户。

用户登录状态下进入购物车页面,后端通过redis存好的商品数据,传给前端展示给用户。

## 删除购物车

用户进入购物车页面,点击购物车某个商品删除按钮,会有一个弹框显示确定删除和不删除,点击确定删除按钮,商品会被删除。

## 购物车商品

商品数量增加和减少: 用户进入购物车页面,点击商品 "+" 按钮,将商品数量增加1个。点击商品 "-" 按钮,将商品数量减少1个。

商品单选和取消单选:用户进入购物车页面,默认进入购物车页面单选是 "\", 取消单件商品点击单选按钮,按钮显示空,选择单件商品点击单选按钮,按钮显示 "\"。

商品全选和取消全选:用户进入购物车页面,默认进入购物车页面全选是 "\", 取消全部商品点击全选按钮,按钮显示空,选择全部商品点击全选按钮,按钮显示 "\"。

## 合并购物车

用户在登陆时,创建token,会将用户未登陆状态下浏览器本地存储的购物车商品数据传给后端,后端通过redis存储的商品数量,做数量比较将商品数量最多的存入redis,返还给前端显示。

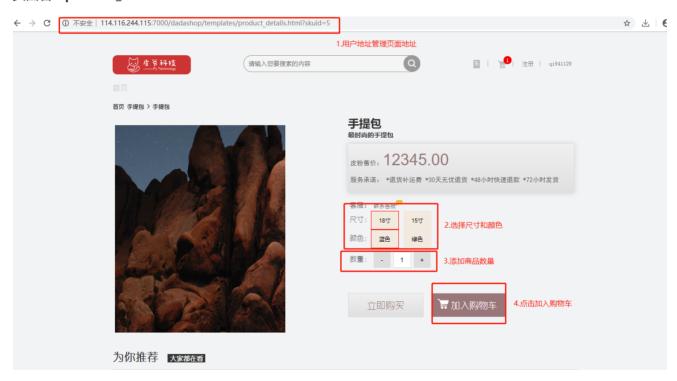

# 三、API接口说明

## 1.添加购物车

在登陆的状态下添加购物车

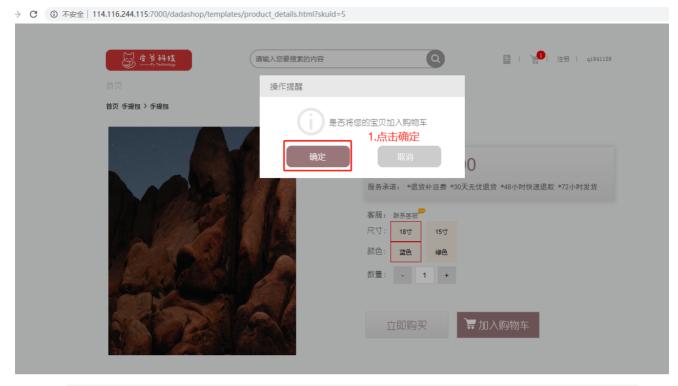

## 事件触发:

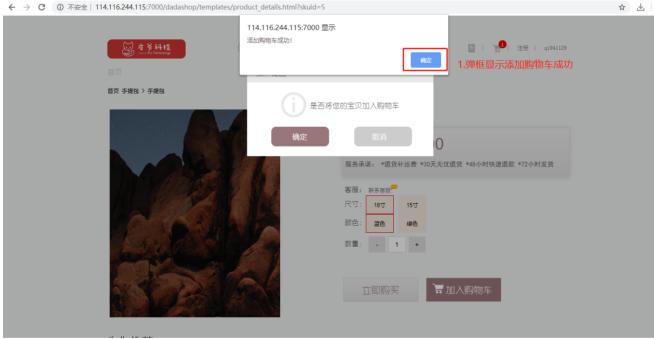

页面名: product\_details.html

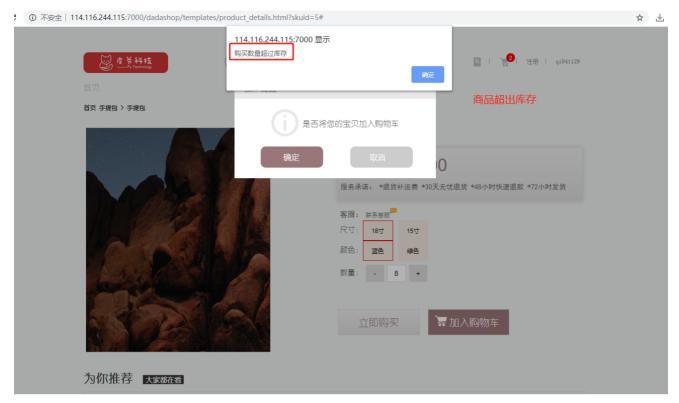

## 触发结果:

触发成功:

触发失败:

## 前端代码:

前端的代码在product\_detail.html 第345-447行。

```
$("#add_cart").click(function (e) {
    $(".modal").show();
    $(".modal_information span").html("是否将您的宝贝加入购物车");
    $('.no').click(function () {
    $('.modal').hide();
```

```
})
$('.yes').click(function () {
    var username = window.localStorage.getItem('dashop_user');
   if (username){
        $.ajax({
        type: "post",
        url:baseUrl+'/v1/carts/'+username,
        beforeSend:function (request) {
      request.setRequestHeader("authorization",localStorage.getItem('dashop token'))
        },
        data: JSON.stringify({
           sku id: skuid,
            count: $("#buy-num").val()
        }),
        success: function (data) {
           var result = data;
           if (result.code==200) {
                console.log(result.data)
                window.localStorage.setItem('dashop count',result.data.length)
                alert("添加购物车成功!")
                location.reload()
            } else {
                alert(result.error);
            }
        },
        error: function (data) {
           alert("系统异常!");
        }
   });
   }else {
        var data = []
        function getData() {
             var nameArr = [];
            $(".spu_name").each(function() {
                nameArr.push($(this).html());
            });
            var valueArr = [];
            $(".spu_value").each(function() {
                 if ($(this).hasClass('spu_check')){
                    valueArr.push($(this).val());
                }
            });
            var sku_data = {
                id: skuid,
                count: $("#buy-num").val(),
                name: $('.right detail').children('h3').html(),
            default_image_url:$('#mImg').attr('src').replace('../static/media/',''),
                price:parseInt($('#pro_price').children('span').html()) ,
                selected: true,
                sku_sale_attr_name:nameArr,
                sku_sale_attr_val:valueArr
                };
            console.log(data)
```

```
data.push(sku data)
                        console.log(data)
                    }
                    function addData (sku_data) {
                        var oldData = JSON.parse(window.localStorage.getItem('cart'));
                        var result = '';
                        if(oldData){
                            for(var i=0;i<oldData.length;i++){</pre>
                               if (oldData[i].id == sku data[0].id){
                                   oldData[i].count =
parseInt(oldData[i].count)+parseInt(sku_data[0].count);
                                   console.log(oldData[i].count)
                                   result = oldData
                                   result = oldData.concat(sku_data)
                               }
                            }
                        }else{
                            result = sku_data
                        window.localStorage.setItem('cart', JSON.stringify(result))
                    }
                    function start() {
                        getData();
                        addData(data);
                        alert("离线添加购物车成功!");
                        location.reload();
                        $('.model').hide();
                    }
                   // setTimeout(start,1000);
                    start();
               }
           })
       })
```

URL: 127.0.0.1:8000/v1/carts/<username>

请求方式: POST 请求参数: JSON

参数	类型	是否必须	说明
sku_id	int	是	商品sku_id
count	int	是	数量

```
请求士例:
{ "sku_id":2,"count":"1"}
```

返回值: JSON

### 响应格式:

```
# 正确响应:
{"code":200,"data":skus_list}

# 错误响应:
{"code":xxx,"error":xxx}
```

字段	含义	类型	备注
code	状态码	int	默认正常为200,异常见状态码
data	具体数据	dict	与error二选一
error	错误信息	char	与data二选一

### skus\_list参数信息

参数	类型	是否必须	说明
id	int	是	商品sku_id
name	str	是	商品名称
count	int	是	商品数量
default_image_url	str	是	商品默认图片路径
price	decimal	是	商品单价
sku_sale_attr_name	list	是	商品属性
sku_sale_attr_val	list	是	商品属性值
selected	int	是	商品的选中状态 (0未选中,1选中)

```
#sku_list中数据示例
[{"id":"","name":"","count":"","selected":"","default_image_url":"","price":"","sku_sale_attr_na
me":[],"sku_sale_attr_val":[]},{"":""...}]
```

### 状态码参数:

状态码	响应信息	原因短句
200	正常	OK
30101	未找到商品	SKU query error
30102	传参不正确	Incorrect pass of reference
30103	购买数量超过库存	exceeds the inventory
30104	未找到用户	User query error

## 后端代码:

```
redis_conn = get_redis_connection('cart')

    request.setRequestHeader('authorization',window.localStorage.getItem('dashop_token'))
    },
     data :JSON.stringify({'sku_id':sku_id,'count':_v2,'state':'add'}) ,
     success : function(result) {
      }
    });
   })
})
```

**URL**: 127.0.0.1:8000/v1/carts/

请求方式: PUT 请求参数: JSON

参数	类型	是否必须	说明
sku_id	int	是	商品sku_id
count	int	是	前端显示的数量
state	str	是	判断事件状态

```
#请求示例
{'sku_id':1001,count:1,state:'add'}
```

返回值: JSON

### 响应格式:

```
# 正常响应:
{"code":200,"data":skus_list}

# 异常响应
{"code":xxx,"error": xxxx}
```

字段	含义	类型	备注
code	状态码	int	默认正常为200,异常见状态码
data	具体数据	dict	与error二选一
error	错误信息	char	与data二选一

## skus\_list参数信息

参数	类型	是否必须	说明
id	int	是	商品sku_id
name	str	是	商品名称
count	int	是	商品数量
default_image_url	str	是	商品默认图片路径
price	decimal	是	商品单价
sku_sale_attr_name	list	是	商品属性
sku_sale_attr_val	list	是	商品属性值
selected	int	是	商品的选中状态 (0未选中, 1选中)

```
#sku_list中数据示例
[{"id":"","name":"","count":"","selected":"","default_image_url":"","price":"","sku_sale_attr_na
me":[],"sku_sale_attr_val":[]},{"":"...}]
```
